# 1 Introduction

TrueNAS SCALE enumerates interface names using PCI locations. By default, SCALE systems identify their network ports with **eno** or **enp** followed by a number.

Interfaces		Add
Name	IP Addresses	
 enp2s0f0		 
 enp2s0f1		 
 eno1		 
 eno2		 
 bond1		 

The tables below show the default SCALE identification for Mini systems and any add-on networking cards qualified by iXsystems for use with Mini systems.
