

End-of-Life Announcement for the TrueNAS® Z30

Enterprise Storage & Servers Driven by Open Source

End-of-Sales, End-of-Life, and End-of-Support Announcement for the TrueNAS® Z30 and TrueNAS® Z30-HA Storage Arrays

September 7, 2018

iXsystems announces the end-of-life (EOL), end-of-sales (EOS), and end-of-support dates for the TrueNAS® Z30 Storage Array. The EOL and EOS date is September 7, 2018. As of the date of this notice, iXsystems will ONLY accept orders for the Z30 for quotes that have already been issued. After this date, iXsystems will no longer accept any orders for the Z30.

TrueNAS® systems are available with support from one to five years from the date of purchase. Support beyond five years from the purchase date is not generally available. The end-of-support date for the TrueNAS® Z30 is June 30, 2023. Z30 customers with active support contracts will continue to receive product and technical support from the iXsystems technical support organization until that date.

TrueNAS® customers interested in the Z30 are encouraged to transition to the Z30 replacement, the new TrueNAS® M40 Storage Array. The M40 is a fourth-generation TrueNAS® product using a newer, more powerful hardware platform. Like all products in the TrueNAS® family, the M40 is available in a single-controller or dual-controller configuration. The M40 is available immediately for customer orders.
